FOR PRESIDENT,
That uncrowned King of every Democratic heart,

SAMUEL J. TILDEN.

FOR VICE PRESIDENT,

Mr. Tilden's companion in Victory and in Humiliation,

THOMAS A. HENDRICKS.

ANNOUNCEMENT.

Richard Reid, of Mt. Sterling, is a candidate for Judge of the Court of Appeals, to succeed Judge Hargis—subject to the action of the Democracy of the First Appellate District.

Dorsey is just a little poetic when he says that "Arthur was warmed into life by the pinfeathers of Conkling, the Republican eagle."

It is announced from Lexington that Judge Beckner, of Winchester, one of the ablest friends of education in the State, will be a candidate for Congress.

Now they have gone into the whale-canning business. If old Jonah was alive now he'd have a small chance of getting even by worrying down a few cans.

JAMES B. MCCREARY is spoken of as a probable candidate for Congress to succeed Phil. Thompson. We hope he'll run and succeed him, for the country has had enough of him.

MITCHELL will fight the "Prussian" for \$1,000 a side. Sullivan refuses to meet "Prussian" until after his sparring tour is completed. He will then fight him privately for \$1,000 a side.

CHICAGO pork-packers will petition Congress for a law covering the inspection of pork which will be satisfactory to France. They are acting under the advice of Minister Morton.

The New Jersey Democracy assembled in State Convention Friday, denounced the Pendleton Civil Service Reform bill in harsh terms. The bill generally is considered a farce, except by those who are now profiting by it.

The Cynthiana News says that in the event of the election of Judge Reid of the Superior Court, to the Court of Appeals, Hon. J. Quincy Ward will be urged by his friends to become a candidate for the vacancy in the Superior Court.

As Gov. Blackburn started up the aisle of the Brooklyn Tabernacle to sit with Talmage in the pulpit the congregation arose and commenced singing, "while the lamp holds out to burn, the vilest sinner may return."—[Lex. Transcript.]

A RECENTLY elected Representative from one of the counties near the Cumberland Gap, this State, in reply to some of his constituency as to what his qualifications were for a legislator, said that he had none other than that he had killed a bear with his fist.

When our Democrat meets another Democrat down in Cincinnati, both have a cunning way of dropping the hand on the pistol pocket. While one walks the curb the other climbs over the barrels and boxes next to the fence. It is real jolly.—[Chicago Inter Ocean (Rep.)]

The Democratic papers of Cincinnati have about welled the life out of the Democratic victory for the State ticket in Ohio next month. All on account of Mrs. Pendleton snubbing Mrs. McLean at Washington a few years ago. A woman can cut a big figure in politics, after all.

NEW ENGLAND has suffered from drouth and frost more seriously than any other section of the country. The tobacco crop in Connecticut is about ruined, corn in Massachusetts, Vermont, New Hampshire, &c., will not average more than a third of a crop. It is thought that, however, that the good crop of Democratic babies are uninjured.

The Southern Bivouac, of Louisville published by the Southern Historical Society, the most valuable magazine published by the ex-Southern soldiers, will contain a full account of the Reunion of the First Kentucky Brigade at Lexington, and also a complete roster of the command present. Price, 15 cents single number, or \$1.50 per year.

SINCE the reign of the bowie-knife came to an end, Texas has advanced rapidly along the highway of progress. Within the last two years the assessed value of property has increased more than \$100,000,000. The railroad mileage is now more than 6,000. The value of State products exported was \$25,000,000 greater for the year ending August 31, 1883, than during 1882.

GRANT thinks the Democracy has a fine chance for the next President, and wants to see Randall nominated and elected if the Democracy must elect a man. His real choice above any man is Conkling. He also thinks that if Tilden should be elected, he would live the full term out, even if he died the day after his inauguration. He also prefers any man for President than Bayard.

MILLERSBURG.

Charlie Turner sold 75 ewes at \$8 per head Tuesday.

Miss Ella Collier, of Cynthiana, is the guest of Mrs. Jas. Collier.

Lud C. Demaree left Monday last to teach a school at Mt. Olivet.

Mr. Hurt, of this place, will teach school on Cassidy Creek, Nicholas county.

R. M. McClelland, of Georgetown, is over here selling patent wire bed springs.

Precinct No. 2 will give \$50 for a list containing the names of the directory fiends.

Parties are securing some fine walnut trees here—among others, twenty-five from D. McKee.

Dr. Hurst, Bruce Smith, Mrs. Dr. Smith and several other Burgers attended the "Expo." this week.

John T. Talbot, of the Colville neighborhood, is sinking an artesian well 4 1/2 in the bottom of his cistern.

At Maysville Wednesday, the premium offered for the fastest mare or gelding, was won by S. C. Carpenter, of this place.

Sombody said that it was a funny sight to see the race between Frank Mitchell and Sheriff Armstrong, the other day. Frank caught him, though.

Not only stock but drinking water is failing in the country, and the farmers are compelled to open long disused springs and get a supply as best they can.

We have a Merry-Go-Round in our park, which was liberally patronized by the little ones and loafing portion of our community yesterday until late in the evening.

Most of the tobacco in the neighborhood is cut and housed and is excellent in quality. It is injured very little from the frost and engagements to deliver at good prices are being made by many of the farmers to the enterprising dealers already in the field.

The following subscription upon a letter at our office this week:

On wings of lightning, steam or wind, Give letter, haste thee to my friend. The name I'll tell without fail. 'Tis this Miss L.—date.

If it to Hillsboro you stop you're lucky; In Fleming county, old Kentucky.

In the Rogers deposition case one of parties reached for his tobacco so often that his Honor before whom the "deps" were taken was so scared during the morning session he could not spell a word correctly, and in the afternoon he could not write. Next week, one is to leave his shillala in Ireland, the other his tobacco at home, and depend upon the crowd of loafers for a supply of the weed.

Joe McClelland took five premiums from the six rings shown in at the Fall mouth fair on horse stock, but met with a serious loss after all. Saturday evening after loading his horses in a freight car, someone left the car door open and his fine bald-face horse fell backwards out of the car and so severely snagged itself on the spindle of a skeleton wagon that it died that night after reaching Paris. He had refused \$400 for the horse at the Sharpsburg fair.

"B'ER WOLFE."

The cowardly Ford boys who murdered that bad man Jesse James, are advertising in the Louisville papers with the following headlines: "The Ford Brothers, the removers of Jesse James," &c. &c. Things have come to a pretty pass in this country, when such dastardly scoundrels as the Ford boys are to be encouraged by respectable people in patronizing their low-flung exhibitions. The Ford boys deserve the same fate by which they hurried off Jesse James, and their bodies should be burned in the bargain.

NEW YORK is trying to have the ringing of church bells suppressed. The noise it is said disturbs the sick, and awakes the sleepers. Indeed, this bell-ringing is a National nuisance, and should be stopped everywhere. Theaters have no bells, yet look how promptly every seat is taken before the curtains rise. Theater-goers have their amusement at heart—church-goers ought to have their devotions at heart just as much as theater-goers. Thousands of nervous invalids are thrilled with horrors untold, and the poor dogs are made to howl by this heathenish bangity-claug, whangity-bang noise which was adopted three thousand years ago by the heathens, from the simple fact that not one in a hundred thousand owned a time-piece. Let's depart from the heathenish custom! If God is worth remembering and worshipping at all, let's do it right—do it from a sense of duty and preference, and not subject ourselves to be tolled like dumb brutes by the unearthly clankity bang of a lot of cracked bells, simply because the heathens did.

HEART DISEASE

CURED BY

Dr. Rush's Regulator,

FOR HEART TROUBLES.

Wm. G. Osgoodby, the well-known safe manufacturer of Buffalo, Philadelphia, Pittsburg, Newark and Atlanta, Ga., says: Office of Osgoodby's Improved Safes, 17 S. Broad street, ATLANTA, GA., October 17th, 1881. Dr. Rush's Medical Association:

Dear Doctors:—The three bottles of "Dr. Rush's Regulator" I ordered, which I have by express last week. I have taken nearly one bottle and am thoroughly satisfied with the results. For over forty years I have been troubled with sharp pain at my heart. My physician, upon examination, pronounced it enlargement of the heart, and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City, last week, I called upon some of the most prominent physicians there, who charged me \$25 for an examination and then recommended your "Regulator." Knowing you to be a regular Medical Association, and not a patent medicine scheme, I ordered the three bottles. I have not been troubled since I commenced taking it, but shall continue and take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks. I am, &c., very respectfully, Wm. G. OSGOODBY.

Dr. Rush's "Regulator"

has never failed to give relief. It has been used successfully for years, and is the most stubborn cases of heart difficulties. A positive cure for Enlargement, Palpitation, Fluttering and other heart troubles. Price, \$1.00 per bottle; six for \$5. Sold by druggists, or sent direct by Dr. Rush's Medical Association, Nunda, N. Y., U. S. A.
